

# Re-usable courier satchels you can lock or seal for A3/for A4

Our courier/mail satchels are the genuine article as used by Australia Post, banks, government departments, corporations and retail stores.

The **Bagmasters** satchels are produced from heavy duty reinforced PVC in a range of 5 colours—red, blue, green, yellow, mulberry and orange.

They are fitted with a clear address window which can only be internally accessed when the bag is open.

All **Bagmasters** satchels are fitted with the **Sewlock** zip security chamber. The **Sewlock** was designed for us in 1991. It was then and is now the only zip security chamber of its type available—world-wide. The bag or satchel to which the **Sewlock** is fitted can be tamper-evident closed with a variety of seals. It can also be closed with a padlock—these are the features which make it so unique.

We also produce a range for A3 and for A4 courier bags with and without handles. Choose the style that best suits you from the display at the bottom of the leaflet.

All **Bagmasters** satchels and bags are sold with a 12 month guarantee against faulty workmanship or material.
