SECUR-A-FILE

## Keyless, tamper-evident security system for sensitive information

The newest concept in document protection. Our revolutionary plastic security seal leaves a visual record each time the Secur-a-file® is opened —any unauthorized tampering will result in a broken seal.

INSTRUCTIONS FOR USE

1 Close the zipper and securely fit the cover to complete the chamber assembly
2 Insert seal's twin arrowheads and push home until they click in place
3 Record seal number and date on the included card
4 To open, break the seal by lifting upwards

A standard package contains
1 (one) Secur-a-file® sealed with a blank seal
5 (five) individually numbered one-time-use plastic security seals with 1 (one) record card

Secur-a-file® is the registered trademark of Tebco Pty Limited. US patent No. 6,039,473.
